Come and See the New Fashions. Cleaning and Repairing to order. fa i i o o

AN INQUIRY IS ASKED

By Attorney Mays Regarding That Alleged Smuggling Scheme.

NO MORE GOLD CERTIFICATES

An Order to Stop Their Issue Was Sent Out Tuesday From the Treasury Department.

WASHINGTON, April 15.—The recent reports about a gigantic smuggling scheme on the Pacific coast has stirred up the officers who were alleged to be implicated. Attorney Mays has telegraphed Senator Dolph that if there are any charges pending against him, either in the treasury department or the department of justice, then he wanted a speedy investigation. Senator Dolph visited both departments today and found that they had no knowledge whatever of the recent reports. The fact that different democrats want a change in the federal offices in Oregon might have stirred up these reports, but the general impression, however, even among democrats here, is that Lotan is too shrewd to be caught in any crooked work.

The Gold Reserve.

WASHINGTON, April 15.—The continued export of gold from this country to meet the Austrian demand has reduced the free gold in the United States treasury to \$1,860,000. It is the belief that gold will continue to be exported for some time, and in order to supply the demand for gold and replenish the depleted stock in the New York subtreasury, it is stated the treasury department has been shipping gold from the treasury to New York for the past week. The amount thus shipped is thought to be not less than \$10,000,000, and it may be more. The statement of the condition of the treasury made daily to the secretary, shows the net balance is gradually crawling up, it being today \$25,937,129. Of this sum \$12,000,000 is in subsidiary coin and \$10,000,000 in the national bank depositories. Secretary Carlisle today directed the subtreasuries throughout the United States to issue no more gold certificates at present. In explaining his action, Secretary Carlisle said this afternoon that while the \$100,000,000 gold reserve had not been reached, he was so close to it that prudence dictated that no more gold certificates should be issued. The announcement, for the first time since specie payments were resumed, that it is necessary to stop the issue of gold certificates, was followed by a rumor that the president had decided to issue \$6,000,000 4 per cent. bonds to protect the gold reserve in case it became necessary. Secretary Carlisle, replying to a query regarding the rumor, said: "Six millions of bonds have not been issued."

The secretary did not state explicitly that no bonds were to be issued. It was ascertained subsequently that the precautionary measures, which commenced under the Harrison administration, of preparing to meet the emergency by an issue of bonds if necessary, had been carried a step further under the present administration, so that, if it should be deemed necessary and proper, to issue of them, or any part of them, rather than break in upon the gold reserve, the emergency could be met with the least possible delay.

Arranging the Exhibits.
CHICAGO, April 15.—The exhibits are now coming into the world's fair grounds faster than ever before. The daily average of cars received is over 300. The work of unpacking exhibits is also being pushed vigorously. The program for the opening exercises is complete, except for the selection of a chaplain to offer the opening prayer. While it will be strictly out-of-door exercises, there is to be no military feature whatever. The ceremony is to be very simple, and will take place from the platform at the east end of the administration building.

A Crisis is Imminent.
BUENOS AYRES, April 15.—The marine department has accepted the decision of the fiscal authorities in the cases of the accused officers of the Rosales. The fiscal, however, gives an opinion that Captain Rivadavia, May 25th, should be prosecuted for abandoning the Rosales. It is thought a ministerial crisis is imminent. The president, it is reported, is trying to avoid any trouble until the opening of the chambers. He is now busy preparing his address, which will probably refer to important financial measures and devoted principally to plans for the settlement of foreign debts.

RIO JANEIRO, April 15.—General

Moura, has been sent to Rivera in command of the Tenth infantry to aid in suppressing the revolution in Rio Grande do Sul. They are armed with Mansur repeating rifles. It is believed in Rio that the revolution will soon be suppressed. The government has decided to build twelve new cruisers.

MONTEVIDEO, April 14.—Brazilian officers have arrived here, bringing in 150 packages of ammunition for General Lira. The officials have determined to destroy the revolutionists.

ELECTRIC FLASHES.

The senate adjourned without making the Roach investigation.

John M. Markley of Corvallis is in Washington maneuvering for the marshalship.

The underground workings of the Deadwood Terra mine, one of the great Homestake group, is on fire and burning fiercely. The fire started in the 100-foot level, and, it is feared, will eat its way to the workings of the other mines, which are all connected. It is impossible to flood the mine.

Seattle News.

SEATTLE, Wash., April 13, 1893.—[Special]—One of the most remarkable feats in the way of deep water diving was accomplished in this harbor recently, by Mr. Christensen, who located the steam tug Mystic. At the time of his descent below two hundred feet of water, he carried with him an electric light for the purpose of thoroughly surveying the Mystic's surroundings.

Mr. D. T. Denny & Sons have purchased Seattle's Consolidated Street Railway, also the Front Street Cable Railway. This throws into the hands of D. T. Denny & Sons, the ownership of three of the finest lines in the city, and gives them a system of street railway not equaled by any individual owners on the Pacific coast. The purchase will be beneficial to the city, owing to the great land interest which Denny & Sons have in portions of the city.

PRONUNCIATION OF "ST. LOUIS."

A Question That May Have to Be Settled by Municipal Authority.
"Of the many momentous local problems that are shaking St. Louis to its very foundation, and one, in fact, which agitates to a greater or less degree the entire country," said Col. Pat. Dyer of a Washington Star representative, "is the correct pronunciation of my prosperous city. I have just arrived from St. Louis, and when I left there the discussion was heated. Shall it be St. Louis or St. Lewis? A gentleman once said to me that he could distinguish a western man from an eastern man by his pronunciation of the words St. Louis and Iowa, and I guess he's right. Thank heaven the pronunciation of Arkansas is a matter of judicial and legislative settlement. The house of delegates and council, the legislative bodies of the city, will probably soon be called upon by petition to determine the question, as was the legisla. re of Arkansas. Then there will be fun, I assure you. Nearly everybody out west and most of the people of the city say 'St. Lewis.'"

"Nevertheless, St. Louis, as we all know, is the correct pronunciation; though if we give the French pronunciation to Louis why should we not give it to Saint, which not one man in a thousand, unless he is a French scholar, can twist around his tongue. So it is with the pronunciation of Iowa. The Iowa and the western man say 'I-oway,' with a long accent on the 'i' and make 'way' of 'wa.' The eastern man says 'Iowah,' with the accent on the last syllable.

"We have, instead of the customary aldermen or common council or supervisors, two legislative city bodies—the house of delegates, similar to the house of representatives, and the council, bearing the same relation to the other as the senate. One is elected by wards and the other at large. We are probably the only city in the United States that has such a dual legislative body, and at first glance it would appear cumbersome and unnecessary for a city. But one acts as a check upon the other, and so long as it pleases us we are content."

WOOD, WOOD, WOOD.
Best grades of oak, fir, and slab cord wood, at lowest market rates at Jos. T. Peters & Co. (Office Second and Jefferson streets.)
Take THE CHRONICLE and keep posted.

Tribute to Oregon.

If Dr. Boynton of Buena Vista, who wrote the "open letter" to the West Side last week, could have listened to the glowing words of tribute to Oregon uttered by Mrs. Judge Denny last week in the presence of the editor of this paper, he would at least stop to consider whether he might not be basing his statements on ignorance instead of facts. Mrs. Denny is the wife of Judge O. N. Denny, and has traveled over nearly the whole world, and lived for years in China, and other foreign countries, and she says she loves Oregon better than all.

She says the people of Oregon do not know how blessed they are, and that nowhere in the whole United States is it so easy to make a living, provided men are willing to work, as in Oregon. Because it is easy to make a living the people are not as energetic as in some states, but it only proves the fact to be true. We are going to ask Mrs. Denny to answer the gentleman through these columns, if she will do so, and forever quiet any person who can see no advantage in living in Oregon.—West Side.

A Philosophical Family.

Amelia has pimples, and sores in the head, From humors internal her nose has grown red; She's a boll on her neck that's as big as a bell, But in other respects she is doing quite well.

And pa has dyspepsia, malaria and gout, His hands with salt-rheum are all broken out; He is prone to rheumatism that makes his legs swell, But in other respects he is doing quite well.

And ma has night-sweats and a troublesome cough, That all of our doctors can't see n to drive off; She wakes every night and coughs quite a spell, But in other respects she is doing quite well.

There is nothing like philosophy to help one bear the ills of life, but in the case of this family what is most needed is a good supply of Dr. Pierce's Golden Medical Discovery. It would cleanse Amelia's bad blood, cure pa's ailments, and check ma's cough. The "Golden Medical Discovery," by its action on the liver, cleanses the system of impurities. It cures humors, ulcers, boils, scrofula, salt-rheum, erysipelas, and all kinds of sores and swellings. The only guaranteed blood-purifier.

The Mexican minister gave a very elaborate banquet in honor of Vice-President Stevenson.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him. Edw. Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at Snipes & Kinersly's drug store.

Advertised Letters.
Following is the list of letters remaining in the postoffice at The Dalles uncalled for, Friday, April 14th, 1893. Persons calling for same will give date on which they were advertised:

Allen G M. T. NOLAN, P. M.

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. To our great surprise she began to improve after the first application, and by using it regularly she was soon able to get up and attend to her house work. E. H. Johnson, of C. J. Knutson & Co., Kensington, Minn. 50 cent bottles for sale by Blakeley & Houghton.
