ASTOUNDING BARBARITY OF AMERICAN OFFICERS

Innocent Men, Women and Children Shot Down Like Ravenous Beasts.

(Scripps-McRae News Association.)
NEW YORK, April 17.—Richard O'Brien, a corporal of the Twenty-sixth Volunteers, makes sensational charges against United States officers in the Philippines.
In a statement published here today he tells of the abuse of Filipino women and the massacre of unresisting natives.
O'Brien claims that the undignified actions of the officers were in many instances responsible for the brutality displayed by the men.
He says the men of his company reached Barroitanog December 27.
Word was passed along the line that no prisoners were to be taken.
The first native shot was a small boy. The shooting attracted the villagers, who came out of their homes in alarm.
They offered no offense and displayed no weapons, but were ruthlessly shot

COMING TO OREGON

President Roosevelt Will Visit the West

(Journal Special Service.)
WASHINGTON, D. C., April 17.—It is given out upon the authority of a United States Senator who is particularly friendly to President Roosevelt, that the President will make a tour of the South and West not later than next year, possibly sooner.
The tour will include a visit to the principal Southern cities, thence to California, Oregon and Washington and back through the Northern States. Roosevelt is not familiar with California and Oregon to the extent that he would like, though he knows Colorado, Arizona, Wyoming and other Western States.
It is surmised that his trip will have much political significance, as there is no doubt as to his candidacy for a second term.

SOLOMON'S HOLY OF HOLIES LOOKS LIKE 29 CENTS

Fierce, Yet Humorous Attack on Speaker Henderson.

(Scripps-McRae News Association.)
WASHINGTON, April 17.—Representative Cushman, the Republican member from the State of Washington, created a sensation in the House during the debate on the Cuban reciprocity bill today, by making an attack on Speaker Henderson.
He said:
"To do business in the House a man must first make terms with the speaker. All the stories that cluster around the holy of holies of Solomon's Temple look like 29 cents when compared to the jobbing department of this Government officer, the speaker of this House."
"Aye, like 29 cents."
"When I get an opportunity, later in the session, I will make another speech on the rules of this House which will be so hot it will have to be printed on asbestos paper to keep it from burning."
Cushman was frequently interrupted by uproarious laughter and tempestuous applause that came not alone from the Democratic side.

Preliminary Survey Completed

President Lytle of the Columbia Southern, in speaking about the extension his company is to make, said this morning: "Our company has now fully completed its preliminary survey on the 100-mile extension from Shaniko, the present terminus, to Bend. The surveyors reached Bend Saturday. They will start back Monday to make permanent locations for the line."

(Scripps-McRae News Association.)
SAN FRANCISCO, April 17.—Unless the United Railways controlling the street car lines of San Francisco cease their summary discharging union employes, and accede to the demands of the Amalgamated Association of Employees by Friday evening, the latter will strike.
There are 3500 men employed on the system.
Mayor Schmitz, through whose offices a strike was averted two weeks ago, blames the company for a breach of faith.

MRS. M. L. HOYT DEAD.

After a protracted illness, Mrs. Mary L. Hoyt, one of Portland's best known pioneer women, passed away at her residence, 663 Tillamook street, last night.
Mrs. Hoyt had been an invalid from rheumatism for the past 35 years, but a gripe set in about two years ago and that was the immediate cause of death.
She was the widow of Captain Henry L. Hoyt, a pioneer of '49 and one of the earliest steamboat men on the Columbia and Willamette rivers. She crossed the plains in 1852 with her father, Dr. Justin Miller, one of Portland's pioneer physicians. The trip consumed six months and the only survivor left of the party is Mrs. Harriet N. Morse of Portland.
Mrs. Hoyt left a son, Ralph W., cashier of the Merchants' National Bank, and a daughter, Mrs. Walter M. Cook. She was a devout member of the Presbyterian church and will be buried from the family residence in Irvington at 1:30 P. M. tomorrow.

SEATTLE, April 17.—The steamer Dolphin arrived this morning from Skagway with \$50,000 in gold. It reports an anti-Chinese mass meeting being held in Skagway, and says that the indications are that the Chinese will be ejected from that city. If this be done, it is not likely that they will be permitted to settle down at any other point in Alaska.

ORIENTAL LINER REACHES PORT

The big Oriental liner Strategyle, Captain J. R. Gordon, arrived this morning from Hong Kong, after a passage of 33 days. She sailed from the Chinese port on March 15, reaching Kobe on the 22nd. Owing to a severe gale she was compelled to lay in the harbor there three days, which is the only delay of any consequence the vessel experienced on her voyage.
Fine weather was experienced off the Japanese Coast, but off the Aleutian Islands a strong gale set in, accompanied with snow and the wind to the northeast. When the vessel arrived outside of Astoria there was a heavy fog, and no pilot could be secured until 7 o'clock yesterday morning.
On March 10 the Indrapura was sighted in latitude 51:30 north and longitude 150:22 west. She was going against a heavy sea and making slow progress. The Strategyle brought in a cargo of 5023 tons of Oriental goods.

ALL FOR FIVE

If the case is not settled out of court, there will be an amusing trial in the Justice Court in a few days.
C. L. Schmitz has entered suit against Charles L. Groves for the paltry sum of \$5, which one is alleged to have borrowed from the other.
From what is known of the case, Captain Groves will resist the case and then it is to be a question of veracity. Neither one cares for the amount involved, but each is willing to spend 10 times the amount before giving in.

G. B. Simpson, superintendent of Wells, Fargo & Co. at Chicago, has telegraphed relatives here of the serious illness of his father, the Hon. Benjamin Simpson, of Selma, Ala., who had just undergone an operation for appendicitis.

General Palma made a short address at the solicitation of the crowd assembled at the pier before he boarded the steamer.
The band played "Cuba Libre" as he went up the gangway, and the craft in the harbor saluted with whistles, flags, etc.

SPION KOP

Blame for the British Reverses Placed.

(Scripps-McRae News Association.)
LONDON, April 17.—The dispatches which passed between General Buller and Lord Roberts regarding the sensational reverse suffered by the British at Spion Kop are published today.
General Buller, in his report to Lord Roberts, condemns General Warren, and says:
"We lost our chance by Warren's slowness. I ought to have assumed command myself."
BRUTAL DRIVER.

People passing Third and Morrison streets at 5:30 o'clock last evening were greatly provoked by the driver of wagon No. 1 of the contracting firm excavating the premises across the street. The team was not able to budge the wagon, which was on the incline, and the brutal driver sought to lend them strength by a vigorous application of a "blacksnake" whip. Not succeeding, the "donkey" engine pulled the wagon to a level, and then, with severe whipping, the driver let loose a string of profanity which greatly shocked the sensibilities of the passing throng of women, and at that hour the sidewalk was thronged. There wasn't a policeman in sight.

TODAY AT THE DOG SHOW

The second day of the dog show opened at 10 this morning. There was a fair attendance during the forenoon, and the pampered pets of dogdom received all adulation offered in the proper spirit.
At 2 this afternoon, Judge Mansell began his labors, beginning with class 102, Irish Setters. Late this evening, possibly not until tomorrow, class 178, bulldogs, will be reached. In this class there are some very noted dogs and prize-winners. Among these may be mentioned Pretzel, owned by W. F. Lipman, Portland; Paddy, owned by Alexander Morrison, Portland.
A short time ago Paddy escaped and was taken up by South Portland men. He showed the stuff that was in him, by wallowing all comers in the dog line.
Champion Ivel Rustic, handled by T. J. Blight, who has a string of 25 dogs in the show, is a wonder. He has already carried away 400 first prizes and specials, and holds championships in both England and America.
In the list of animals, published elsewhere in this issue, the following were omitted:
Mastiffs, Class 6—No. 1. T. T. Nelson, Pendleton, Ore., Bummer, first prize.

Have Big Row Among Themselves—Building Stopped.

(Journal Special Service.)
SAN FRANCISCO, April 17.—Building is badly crippled in this city on account of the fact that the Building Trades Council has a boycott upon Carpenters' Union, No. 463, because the union joined the Labor Council, which has been fighting the Building Trades organization. The Building Trades members refuse to work with the men from the Carpenters' Union, leaving their jobs in preference. This has retarded building operations and the end is not in sight.

Dallas Oil Excitement.

Traveling Freight Agent Jones of the Southern Pacific has returned from a trip to Dallas. He says that there is considerable excitement at that point over the matter that oil was struck there a week ago. The people believe that when the well is bored further down petroleum will be found in paying quantities. "The well that is being bored near Newberg," said Mr. Jones, "is already down to a depth of 300 feet. A complete plant has been shipped from Pennsylvania. The parties back of the enterprise are pushing it with all possible vim."
