OBITUARY.

The news of the death of Eddie Locke, Saturday, spread gloom among his friends and acquaintances. His long illness and patience under great suffering made his gallant fight for life generally known, and all our people deeply sympathize with the bereaved parents, brothers and sister.

Squire Edgar Locke, son of Mr. and Mrs. W. G. Locke, was born in Mahaska county, Iowa, in 1879, and died in Enterprise at the home of his parents, Saturday, December 24, at 9:30 a. m.

Edgar had been a sufferer for years, being afflicted with rheumatism for which he tried various health resorts in this state and California without much avail. His final sickness was due to Bright's disease, and he had been confined to his home eight weeks and to his bed the last three days.

Funeral was held from the Methodist church Christmas day, services conducted by the pastor, Rev. B. F. Meredith. The choir sang selected anthems. There were many beautiful flowers lain upon the casket, and the body was laid to rest in the Enterprise cemetery.

MAYOR DEFENDS COUNCIL

Legislature Asked to Give City Power to Operate Slaughter House.

Milwaukee.—"We can run a slaughter house and make it pay without destroying business as the scoffers cry. The biggest single item in homes is the meat bill and the packers are all millionaires." This is the way Emil Seidel, Socialist mayor of Milwaukee, defends the action of his city council in urging the legislature to give the municipality power to start a municipal slaughter house, cold storage plant and other business enterprises.

Printer's Error Costly.

Denver.—A printer's error is costing one of the railroads running into this city a tidy sum of money, in that it must carry a certain class of business from Denver to a Texas point at 14 cents a hundred pounds, instead of at \$1.14. The printer dropped out the \$1 in printing the road's tariffs. Under a clause of the railway rate law, no change can be made in the printed tariff for 30 days.

MEXICAN GENERAL'S SURRENDER AFFIRMED

Mexico City.—General Navarro has surrendered to the rebels, according to a report that reached here from authorities which have heretofore proved reliable in the matter of war news.

The government denies the report and says that he is awaiting reinforcements. Officials say Pedernales is not menaced seriously by the rebels.

It is known from other sources that Navarro has been having a hard time. His men are not used to the severe winter climate of Chihuahua. They are not properly clothed and are short of food and ammunition. It is considered here that if Navarro has not surrendered, he is liable to do so at any time.

The government now acknowledges that the situation is very serious. All available troops are being sent north as fast as possible to assist Navarro.

HERMANN CHARGES DISMISSED BY HENEY.

petitions for pardon with the executive department of the government, and that he did not wish to send Jones to jail if he is to be pardoned.

So far as it relates to John N. Williamson, ex-Representative, the case in which he was jointly indicted with Mitchell, Hermann and others was not dismissed. Heney said in an interview that Mr. Williamson had asked to be vindicated and that he thought he would give him the opportunity in court.

No action was taken in the Franklin Pierce May's case, this being turned over to United States District Attorney McCourt by Heney. This case will probably be acted upon after the petition for a pardon has been decided upon.

Sorenson Cases Pending.

Two charges are still pending against George Sorenson. These have not been dismissed. What is known as the Blue Mountain case was dismissed as to all the defendants, including Hermann, S. A. D. Puter, Horace G. McKinley, Brown, Young and Tarpley. The "Moore" case was dismissed, the "Butte Creek" case and the charges against C. Sam Smith, Van Gessner, Barr and Witt and Ormsby and Loomis were wiped out. Five indictments against Puter and McKinley were also dismissed.

In his statement of reasons for dismissing the batch of indictments, Heney severely criticises the timber and stone act of 1878 and the lusu land act of 1897.
